Hi,

I've got absolutely no faith in Dr Luff, so I'll think I'll get my community OT to answer the question.

You can tell Dr Luff to ignore it.

Thank you

Hi Daniel,

I apologise for the mistakes and will have the report reviewed and amended as soon as possible.

Regarding the letter from your work, I have not acted on it but have forwarded it onto Dr Luff for him to respond to.

Regards

Alex

Subject: Hi

Hi

Just a quick message. I see that my wok have contacted you re:the last MDT Report.

I would just like to ask that you copy me in on any response you give them.

Now my second reason for the email.

Did anyone read my discharge MDT ? It's got more mistakes in it than I can count!

The most disturbing of which is on page 4 and reads..."Bleeding has been reported from the site of the supra pubic catheter but no abnormality was found"

Now while I had a supra pubic catheter while I was in ICU! this was taken out long before I got to Blackheath.

While these mistake prove what all ready know about Blackheath they can be seen by others that might get the wrong idea about my health.

I would also like to point out the mistake on page 10. It reads..."Mr McMorro is able to maintain his static standing balance with the use of a standing hoist or standing frame for approximately 30 minutes"

While this would be fantastic it untrue. The most I can stand for is 6 minutes I know this because we timed it.

I would like these and the other mistakes corrected and the MDT reissued, to all that got a copy.

Daniel McMorro
