

## Specification for Relocating Shower

**Date:** 08/12/2016

**Prescriber:** Holly Walker

**Contact Number:** 02084891836 / 07792209148

**Service User:** Daniel McMorrow

**Address:** FLAT A  
110 SYLVAN AVENUE  
WOOD GREEN  
LONDON  
N22 5HY

**Contact:** 07725 586 509

### **Description:**

Relocate existing shower unit in bathroom from back wall to facing wall on entering bathroom. To be positioned 1700mm from back wall and shower unit to remain at existing height (control to be 950mm from ground).

Provide U shaped shower curtain.

Remove existing wall mounted shower chair and rails as no longer used (service user has a mobile shower chair).

*Please liaise with service user regarding time frames for this work as service user may not be agreeable to the adaptation if it will take longer than one day. If installing a new Mira Advance Thermostatically Controlled Shower Unit rather than relocating existing shower, is the faster option then service user is likely to opt for this.*
